Circular Fluorescent

When indoor emergency lighting needs to be stylish and unobtrusive the Toledo range meets the criteria. For use in Office Apartments, Hotels, Resorts and Schools, the Toledo offers a low maintenance, energy efficient luminaire that blends with any interior décor. The Toledo is available in 430mm or 530 mm and is offered in range of colours and finishes, as standard in white or brass and is suitable for wall or ceiling mounting. All emergency units are fitted with an electronic inverter & ballast.
